

The seal of the University of Cologne is a large, circular emblem in the background. It features a central figure, likely a saint or a historical figure, surrounded by other figures and architectural elements. The text 'COMENSIS' is visible at the top of the seal.

The Department of Supply Chain Management and Management Science of the University of Cologne, Germany, invites applications for a position at the Postdoc level (Postdoc, E13, non-tenure track) in the Supply Chain Management area

Postdoc Position in Supply Chain Management

The Business School of the University of Cologne is among the leading German research universities and is consistently ranked among the top schools in research and teaching. The Supply Chain Management area is one of five areas and consists of three full professors and more than 20 researchers. The Supply Chain Management area has close ties with industry partners and focuses on research that has impact in practice. Research publications cover the full range of journals of the field, such as Management Science, Operations Research, Transportation Science, and Production and Operations Management.

The research focus of candidates should complement or strengthen the existing research areas of the faculty. Ideally, the candidate is interested in research on Behavioral Operations Management, Empirical Operations Management, and/or Inventory Management.

Candidates should have a solid background in Supply Chain Management. Publications in highly ranked international journals are favorable. The Supply Chain Management area offers courses in Supply Chain Management, Production Management, Logistics Management, Service Management and Behavioral Operations at the undergraduate, master, and Ph.D. level. The candidate is expected to teach some of the classes. The teaching language is primarily English. International experiences, such as a Ph.D. from a leading international University or other long-term international teaching experiences are appreciated.

Postdocs are employed for six years with a teaching load of 4 sessions per week. Start of employment can be based on mutual agreement.

Applications of candidates with disabilities are welcome. They will be given priority in case of equal qualification. Female candidates are encouraged to apply and will be given priority in case of equal qualification. The application should consist of the following documents: letter of interest, curriculum vitae, a research statement, a teaching statement, doctoral thesis, two recent (working) papers, and three names of references. It is encouraged to send an electronic version (pdf) to the following address: monika.raethe@uni-koeln.de.

For further information, please contact Professor Ulrich Thonemann (ulrich.thonemann@uni-koeln.de).
